In the case of delay: The Mobility Guarantee

We always strive to bring you to your destination on time. However, if we are unable to do this due to traffic, illegal parking or malfunctions of vehicles and operating equipment, you can take advantage of our mobility guarantee. This is valid for all VRR and NRW tickets. It applies if the transport you have chosen departs from the stop 20 minutes later than indicated on the schedule and no other obvious bus or rail alternative exists. If you end up needing to take an IC/EC, ICE or taxi to complete your journey, we will reimburse you for a portion of the additional costs incurred. As a Ticket2000 or BärenTicket customer, you will receive up to 50 euros for the day. If you use another ticket, we will reimburse you with 25 euros for trips between 5 a.m. and 8 p.m. For trips between 8 p.m. and 5 a.m., the amount increases to 50 euros. All you need to do is submit an application to your transport company within 14 days of the delay incident. You can obtain the form for this at your customer centre or as a download at www.vrr.de.
